<b>User/Installer Responsibilites</b>  This certificate does not automatically constitute authority to install.  Where the User/Installer performs work in accordance with regulations of an NMAA different than the NMAA specified in block 1, it is essential that the user/installer ensures that his/her NMAA accepts items from the NMAA specified in block 1.  Statements in blocks 13a and 14a do not constitute installation certification. In all cases Aircraft Maintenance Records must contain an installation certification issued in accordance with the national regulations be the user/installer before the aircraft may be flown.
